

Completing a Corrected Title Transaction

IMPORTANT NOTES

A Corrected Title transaction is used to make a correction to a title you possess. If you need to make corrections to a title that is also lost, use the Duplicate/Corrected Title transaction type

*If applicable, **DO NOT FORGET** to indicate the Title Mailing Address on the **Owner Screen** of the transaction. If this is not inputted, the corrected title will be mailed to the address you specify otherwise in other fields. CVR is not responsible for negligent data entry*
